The Desire of Ages ...p. 200. His resurrection was ...declaration that men are not left to a hopeless future.

Key Words and Expressions: 1. Life – The Greek denotes the life principle, the antithesis of death. 2. Immortality – The Greek word translated im - mortal, Imperishable, is formed by prefixing a negative to a word meaning ruin, destruction, disolution. 3. Crown of Life – The Greek word here for crown means a garland of victory, not the crown of rulership.

Lesson Outline—Sunday—God Does Not Lie. Titus 1:1,2. Mon Christ Assured Our Resurrection. 1 Peter 1:3,4. Tues. - Qualifying For Immortality. John 17:1-3. Wed – The Resurrection Described John 5: 25,28,29. Thurs – From Death to Life. 1 Cor. 15:51-54. Fri – Tokens of Immortality. Rev. 22:1,2.

Now is Christ risen from the dead. This is the triumph song of the Church, and we should never lose its challenging assurance, its defiance of death. The resurrection is t h e one glorious star in the dark sky. Those who sleep in Jesus are to rise again. See 1 Thes. 4: 13–18. Also 1 Cor. 15:51-57.

Rev. Mays To Speak At Chestnut Grove Baptist Church

The Rev. Mays, a 17 year old minister, from Lynchburg, Virginia, will preach at the Chestnut Grove Baptist Church on the fifth Sunday at the 11:30 a.m. service. This service is sponsored by Chestnut Grove Baptist Church and the public is cordially invited to attend.

Chestnut Grove Baptist Church is located in the Chap Community.

13th Sabbath Overflow

The Northern European Division is a far – flung one, embracing 120 million people in eight countries of Europe, 80 million people in 9 countries, some 5,000 miles away in West Africa, and farther 23 million in modern Ethiopia, 2,000 miles across the continent and still proud to be remembered as the ancient land of the Queen of Sheba. A project in each of these will benefit from the warm-hearted giving of Seventh day Adventist members around the world the new Empress Zauditer Memorial Hospital in Addis-Ababa, Europe, will receive one third of the overflow from the Thirteenth Sabbath Offering. Appomattox S. D. A. Church will also join the members of all other churches in giving on this special day – March 28, which will be added to help in many forms that has come from all sides, from His Imperial Majesty Emperior Haile Selassive, from the public of Addis Ababa, from the funds of the hospital itself, and from the General Conference and the division. A well planned building will stand as another monument to the fine medical ministery of this church and its devoted workers.

The opening of work in the unentered land of Republic of Upper Valta, in West Africa, is also another project to benefit from the overflow.

The third project to benefit from these offerings is our training school in Poland. Its facilities are limited, and there are a thousand urgent needs if this little institution is to fulfill its purpose in training men and women to carry the message of salvation and our Lords Second Coming to Pland's 32 million.

Rev. F. L. Johnson Guest Speaker

Spring revival services will be in progress at Pleasant Grove Baptist Church, Buckingham County, from April 1st thru the 4th at 7:45 p.m.

Rev. Frank L. Johnson, pastor of Enon Baptist Church, will speak each night.

There will be special music each night by guest singing groups and the church choir.

The pastor of Pleasant Grove Rev. D. H. Justus, and all the members wish to extend a very warm invitation to all who wish to come and "have fellowship one with another."

God is speaking to His people today even as He did in yesteryear. In this noisey, confusing world maybe it's a little hard to hear Him. Come on to this little country church and hear God's word, delivered by God's messager. Perhaps there will be a blessing in store for you.

The Nit-Picker

Raymond Horton is a perfectionist. And rightly so. It's his job, and that of his fellow Meter Technicians, to keep every one of Vepco's 1,114,000 electric meters running with Swiss watch accuracy.

Almost eighty thousand meters go through the Vepco shop each year. Of these, 99.5% prove accurate. (If a meter is inaccurate, incidentally, the odds are almost 3 to 1 that it's running in the customer's favor—slow rather than fast.)

But Raymond Horton is here to make certain that no Vepco customer is charged with a single unused kilowatt hour. That's why he's a nit-picker.

Vepco is people . . . helping people.
